Question: 5 Molly is a wedding planner who has just set up as a sole-trader. She has couple to organise their wedding. The couple is extremely risk adverse and them a copy of her insurances. Which insurances should Molly send? Select A. Products Liability Insurance B. Employers Liability Insurance C. Professional Indemnity Insurance	a p.21 of the study guide. This onsequence of a breach of s is more suitable. The study erty rights, software licence a meeting with a po-tential d have asked Molly to email

The correct answers are indemnity insurance and public liability insurance. Molly doesn't have any products so this wouldn't be required- she's a consultant. As a sole-trader she doesn't have employees so doesn't need Employer's Liability Insurance. The book does not go into much detail about types of insurances - but this is a known exam topic. So if you aren't confident on these four types of insurance and when you'd expect a supplier to have them - do some extra research before the exam. Insurance types are briefly mentioned on p. 25
